

**TV Department Equipment Center**, Room 1405, 600 S. Michigan 312-369-7409  
Manager: Tony Ward.  
Website - [blogs.colum.edu/tvcage/](http://blogs.colum.edu/tvcage/)

**Hours of Operation:**

Monday-Thursday 9:00 am - 9:30 pm  
Friday 9:00 am - 4:30 pm  
Saturday/Sunday **CLOSED**

**Last Pick-up / Return Times for Equipment:**

Monday - Thursday 9:00 pm  
Friday 4:00 pm

**NO EXCEPTIONS.**

Welcome to the Television Department Equipment Center equipment checkout procedures. The rules and policies are important so that we may serve you and facilitate the success of your projects. We make these available to you so that you are clear about our expectations, as you will be held accountable for them. "I didn't know" is not a valid response, as we expect you to do your part in being informed.

Only students on the reservation list for a particular piece of equipment will be allowed to reserve that equipment. All equipment usage is limited to current class projects and currently enrolled students. No outside projects are allowed. Holiday usage of facilities and equipment will be determined by the department and posted.

**RESERVATIONS:**

Equipment is reserved and signed out by one student. The person who signs the contract is the one held responsible for the items listed on the contract. Only equipment allotted for the class that student is enrolled in is available for checkout. You must present a valid current semester Columbia College ID to checkout the equipment. ***No equipment will be issued without a current semester ID.***

Students may reserve equipment and editing at any time during the current week, and may begin reserving for the next week on or after the prior Wednesday. Reservations will start at **9:00 am** in person at the Cage. Phone reservations will begin at **10:00 am**.

**CHECKOUT PROCEDURE:**

All equipment must be picked up or dropped off at least 1/2 hour before closing.

**Monday - Thursday 9:00 pm**

**Friday 4:00 pm**

**THERE ARE NO EXCEPTIONS. Please plan for traffic, CTA delays, and other obstacles because there are NO EXCEPTIONS.**

News classes equipment pickup is at the **Media & Equipment Desk of the Columbia College Chicago Library (624 S Michigan Ave, 5th Floor - 312-369-7900)**

**Hours:**

**Monday - Thursday: 7:30am - 10pm (9:30pm cut-off time)**

**Friday - 7:30am - 8pm (7:30pm cut-off time)**

**Saturday - 9:00am - 5:00pm (4:30pm cut-off time)**

**Sunday - 10:00am - 6:00pm (5:30pm cut-off time)**

Once a work-aide has tested all equipment, students will be **REQUIRED** to inspect, test all equipment, and complete a checklist before checkout will be completed. Students **MUST** comply in order to receive equipment. **NO EXCEPTIONS.** **Plan AT LEAST 1/2 HOUR for checkout to be completed. We will not rush and neither will you. Remember, you are held responsible for what you sign off on.**

For two-day reservations, if you do not call or pick up your equipment on the **FIRST** day, it becomes a walk-on at the end of the day and you will lose the reservation.

**EQUIPMENT RETURN PROCEDURE:**

When returning equipment, **students must be present for the ENTIRE check in (THIS INCLUDES THE LIBRARY FOR NEWS STUDENTS).** Once again, allow up to a 1/2 hour for check in. If you need to remove footage off of either the SD/Compact Flash cards or hard drive for the camera or digital audio recorder you're returning, that has to be done **BEFORE** you return your equipment. Equipment cannot be left at the Cage while you go & dump your footage.

Everything must be returned at the same time. **Partial return of equipment WILL NOT be accepted.** If something has gone missing, you will be charged for its replacement. Equipment that is left at the Equipment Center or Columbia College Chicago Library **WITHOUT** doing a proper check-in will be considered **LATE** & will result in possible loss of privileges, fines and repair fees.

**EQUIPMENT EXTENSIONS:**

You must return the equipment & have it checked back in first in order to see if you can check out the equipment again. Equipment checkouts **CANNOT** be extended over the phone. Returning equipment late will result in loss of equipment usage and fines. There is a three strikes system in place.

- **First time** late results in a written warning and possible docking of department privileges by the Equipment Center Managers.
- **Second time** late results in being docked from all department equipment and facilities for one week, and only being allowed to use all facilities in an in-class environment.

- **Third time** late results in a loss of privileges for the remainder of the semester. After the dock you may not reserve any department equipment or facilities. They may be used on a walk-on basis only.
- **There is a \$25 fine for each day equipment is late. Starting on WEEK 12, the late fee will be increased to \$75 per day (this is to ensure that we have all the equipment that students reserved at the time of pickup).**

Students are responsible for the condition and return of all equipment signed out. If the equipment is misused, broken, stolen or lost, **YOU**, the student who signed the equipment contract, are liable for all replacement and/or repair costs. You are financially responsible.

If there is a problem with the equipment contact a work aid or the manager on duty. Do not attempt to fix it yourself.

### **EDITING AND COMPUTER FACILITY PROCEDURES:**

The version of **Final Cut Pro X** used in the department is version **10.3.2**. If you are using version **10.3.1 or lower**, you will not be able to use the department computers to edit, because our systems will try to up convert your library to the current version.

Students who arrive 15 minutes late for their assigned time will lose that time. If you are going to be late, call and let us know. Other students can walk-on and use the time if you do not call.

Students must check in with the equipment center before your editing or dubbing time, and you must surrender your **School ID** while you edit.

**We will not accept Ventra Cards, State IDs, Credit Cards, Gym Cards, Key Cards, or any other type of card ID. If you don't have your Columbia College ID, you will not be allowed to edit.**

If you fail to check in, we will assume that you are not here and your time may be given away. Any student who uses equipment without signing in with the equipment center will be ejected from the facility. All students must check out (and retrieve your School ID) when finished editing.

Once a student signs up for the limit of camera, edit or dub time in a week, additional time is available on a **“walk on”** basis. Walk on time is limited to increments equal to your usual class allotment but can be used as often as it is available. Students must check with the equipment center and use whatever unit is available at that time. This edit or dub time is not counted against your reserved time.

**NO EATING, DRINKING, or SMOKING** is permitted in any of the editing suites, computer labs, or classrooms at any time. If a student is caught doing so, they will be asked to leave their current session. Repeat offenders will be docked.

**DO NOT** prop any doors open, this includes editing suites, computer labs, and classrooms. This will assist in the protection of your fellow students, their personal belongings, and equipment. A work-aide will be happy to let you into the room in the event you have to leave temporarily. If you prop any door open, you will lose your time. Repeat offenders will be docked. The Television Department is not liable for your media, books, purses, backpacks or other personal items left in the labs, suites, or classrooms.

**One-on-One Tutoring is available.** The equipment center offers a student-tutoring program on certain designated days, and times. There are reservation sheets for the scheduled sessions that range from help with field equipment to help with basic and advanced editing. This is a great way to get the extra help you may need at any time throughout the semester.

Some equipment, such as the Kessler Crane and Zacuto Stinger, may require special certification for access. Sign up can be done through the TV Cagey. Certification training is on a limited basis and for students who have had certain classes. For more information, talk to the manager.

#### **Television Department Storage Disclaimer**

*It is necessary for all students to keep copies of their work, and to back up all work from departmental storage and servers, in the computer labs and studio. You are responsible for the saving, archiving, and preservation of all of your work created while you are a student. There are no permanent archival or digital storage facilities in the department. Please back up all projects created on departmental computers or studio servers to your own personal hard drives or computers in a timely fashion. The Television Department does not guarantee the preservation of any student projects or materials.*

#### **EXTERNAL HARD DRIVES:**

You are required to provide your own external hard drive. The type of drive you use should have the following:

- **At least one USB 3.0 port or Thunderbolt port**
- **Have a read/write speed of 7200 RPM**
- **Bus - Powered (no power supply needed)**
- **At least 500GB of storage space**

## **Equipment and Editing by Class:**

### **Production & Editing I Pool:**

JVC GY-HM150U (Production & Editing I, The Television Producer, Doc Your World)

Ricoh Theta S (Doc Your World)
